SCALP OF JEROME MAY BE LIFTED

Removal of New York District Attorney Is Asked.

SEVERAL CHARGES PREFERRED

Complaint Filed with Governor Higgins—Alleged that He Has Neglected Duty and that Insurance Companies Gave $50,000 to Elect Him.

Albany, N. Y., June 9.—Removal of William Travers Jerome from the office o dfistrict attorney of New York county is demanded of Governor Higgins in a compromise which has been filed at the executive chamber by William N. Amory, of New York city.

Frank C. Perley, secretary to the governor, admitted that such a complaint had been filed, but he would say nothing as to the nature of the charges made against Jerome.

While nothing definite can be learned here as to the nature of the charges made by Mr. Amory, it is assumed that the complaint is the one which was threatened by him before a legislative committee last winter, and is based upon the charges he then made against Mr. Jerome of negligence in failing to prosecute persons in connection with certain metropolitan traction interests.

New York, June 9.—The charges filed with Governor Higgins against District Atorney Jerome, it was learned here were signed by five citizens of this city as follows: Chapman Demight, a retired stock broker; Edward P. White, a member of the Produce exchange; ex-Congressman Robert Baker, of Brooklyn; Joseph C. Hurley, secretary of the Standard Finance company; William N. Amory, a lawyer and formerly secretary of the Third Avenue Railway company.

They declare that Mr. Jerome has wilfully omitted to perform his public duty, and that he received $50,000 from the large life insurance companies toward his campaign fund last fall. These contributions, it is charged, he received "as a gratuity or reward in the shape of campaign funds to compound a crime, and for a violation of the criminal statutes of this state, and has agreed or abstained in pursuance of a previous agreement or arrangement from the prosecution of many criminal actions in violation of section 125 of the penal code, and is therefore, guilty of felony."

Must Abstain from Drink.

Chicago, June 9.—If Harry Hill, of Chicago, takes a drink or uses drugs in any form, he will forfeit the apartment building at 4930 Vincennes avenue, which was deeded to him by his brother, Napoleon Hill, a Memphis millionaire. Harry Hill, who is a lawyer, came to Chicago a few years ago and is said to have been wayward. Recently his brother heard that he had reformed and decided to aid him. The deed provides that Harry Hill shall receive the income from the property only so long as he shall "abstain from the use of all intoxicating liquors, likewise the use of all narcotics and drugs."

Government's Side Presented.

Kansas City, June 9.—A. A. S. Van Valkenburgh, district attorney for the western district of Missouri, in the federal court here Friday presented the government's side of the case of Armour & Co., Swift & Co., Cudahy & Co. and the Nelson Morris Packing company, on trial on a charge of accepting rebates from the Burlington railway on export shipments. Mr. Van Valkenburg said the acceptance of a rate of 23 cents per hundred pounds when the regular tariff was 35 cents was a plain violation of the interstate commerce act.

Investigations Are Resumed.

New Castle, on Tyne, June 9.—The municipal ownership commission of the National Civic Federation of the United States Thursday resumed investigations, visiting the Newcastle and the Gateshead Gas Works, the Elsewick factory, and other plants, where they were cordially received and supplied with all information requested.

EXPRESS HITS WRECK TRAIN.

Pennsylvania Limited Runs Into the Train, Injuring Several.

Lancaster, Pa., June 9.—The first section of the Pennsylvania limited express, westbound on the Pennsylvania railroad, was wrecked on the cut-off at 2:10 o'clock Thursday afternoon. This train is nerally runs over the central track, but for some unknown reason it was switched to track No. 4, on which was standing the Parkersburg wreck train, the engine facing the approaching express, and with a bumper car in front of it. The limited was running at the rate of 40 miles an hour. Charles Brown, of Rahway, N. J., the fireman of the limited, jumped when he saw a collision was inevitable, and sustained painful but not serious injuries. E. B. Fredericks, baggage master, also of Rahway, has his left arm slightly hurt, and a number of passengers were severely bruised. Four or five of the wrecking train's crew were also injured slightly.

Woman Shot at a Picnic.

Albany, Ga., June 9.—Thursday morning Mrs. B. F. Dunlavy was seriously wounded by Edward Holley. The shooting was accidental. Mrs. Dunlavy and Holley were members of a picnic party that had gone out to Palmyra from Albany. Several of the ladies wandered off into the woods and Holley heard them screaming as if something was wrong. He hitched to the drag and got a gun. In some way it struck the body of the dog and the load was discharged through his hand, passing on and striking Mrs. Dunlavy, who was standing near. The charge taking effect in the abdomen. While not considered fatal, the wound is of a very serious nature. Holley's wound is of a very painful nature but is not serious.

Prize Fighters Are Held.

New York, June 9.—Terry McGovern and Jimmy Britt, the pugilists; Harry Pollock, manager of the Twentieth Century Athletic club, and Tim Hurst, who refereed the bout between McGovern and Britt before the Twentieth Century club, about two weeks ago, were held for trial in the court of special sessions by Magistrate Breen. They are charged with violating the section of the penal code relating to prize fighting. Bail was fixed at $500 in each case. Twelve other persons, including fighters, seconds and ticket sellers, also were held for trial on a similar charge.

Will Exhibit Roosevelt's Portrait.

New York, June 9.—A portrait of President Roosevelt will be put on exhibition Sunday in the trustees room of the library of Columbia University before it is sent to Germany where it will be placed in the galleries of the university of Berlin. The portrait of the president, together with two others—one of President Butler, of Columbia and the other of John W. Burgess, the first incumbent of Theodore Roosevelt professorship of American institutions and government in the university of Berlin, have been presented to the German university of Columbia.

Ex-Slave Convention Adjourns.

Washington, June 9.—After a four days session in this city the national ex-slave convention has adjourned. It was presided over by A. W. Rogers of North Carolina. The convention will meet in Jacksonville in October, 1907. In the course of the convention President Roosevelt was commended for his stand for equal liberty for all. An appeal was issued to congress for legislation looking to the penalizing of explosives. The proposed amendment to the railroad rate bill providing "equal" passenger accommodations on "jim crow" cars was opposed.

Three Killed by Oil Stove Exploding.

Syracuse, N. Y., June 9.—The explosion of an oil stove in an apartment has resulted in the death of Mrs. Desmond Davis, aged 26, Mrs. Homer Alexander, sister-in-law of Mrs. Davis, and her daughter Gladys, three years of age.

Earthquake Shakes Manila.

Manila, June 9.—Three slight earthquake shocks were felt in Manila on June 5 and 6, the last at 6:30 p. m. on the 6th instant. The shocks are believed to have been severe on the island of Samar, but no details have been received.

TROOPS AND STRIKERS IN DEADLY CONFLICT

Two Strikers Killed and Six Others Wounded.

NO MORE TROUBLE EXPECTED

Indiana, Pa., a New Mining Town, Is Scene of Battle—Had been Operated for Past Three Weeks by Nonunion Miners.

Indiana, Pa., June 9.—The new mining town of Ernest on the Buffalo, Rochester and Pittsburg railroad, 5 miles from here, was the scene Friday of a conflict between a detail of state constabulary and striking coal miners in which eight strikers were shot, three of them fatally.

A body of strikers headed by a brass band, marched from the Anita mines in Jefferson county to receive one of the mine officials expected from Punasutawney. On the way to the station the marchers encountered a detail of 12 members of the state constabulary. As they passed a member of the band fired his revolver at the troops. No one was hit, and the constabulary retaliated with a volley from their carbines.

When the smoke cleared away, eight strikers were lying on the ground and the others had fled precipitately down the hill.

Two of those shot were killed instantly and the six others were seriously wounded.

All is now quiet and no more trouble is expected at this time.

The mines at Ernest owned by the Buffalo and Rochester Coal company. The strike began April 18. Three weeks ago the plant was started with nonunion men and a detail of the state constabulary has since been guarding the coal company's property.

After the excitement had subsided, the wounded miners were removed to Adrian hospital. As the result of the shooting a mass meeting was arranged for the afternoon was cancelled and Sheriff Wettling has ordered the arrest of the leaders of the parade.

Sends Report to Commission.

Washington, June 9.—In response to a request from the house committee on agriculture, President Roosevelt has forwarded to Representative Wadsworth, chairman of that committee, the report made to him by a committee of the department of agriculture regarding conditions in the Chicago meat packing houses. Accompanying the report was a leter from the President in which he points out that there is no conflict in substance between the Neill-Reynolds report and that of the agricultural department experts. It is said in the latest report that the packing house proprietors are manifesting almost "a humorous haste to clean up, repave and attempt to plan for future changes."

Rojestvensky To Be Tried.

St. Petersburg, June 9.—The naval court of inquiry has presented an indictment against Vice Admiral Rojestvensky who commanded the Russian fleet at the battle of the Sea of Japan, and the officers of the torpedo boat destroyer Bedovi, which engaged and sank a Japanese torpedo boat. The trial of the indicted officer has been fixed for July 4. The penalty is death.

Brown Under $10,000 Bond.

Tullulah, La., June 9.—Bail was fixed at $10,000 for Dr. F. A. Brown, who was alleged to be leader of the mob which lynched Robert T. Rogers, and who is under indictment on a charge of murder growing out of the lynching. Dr. Brown furnished the bail. Judge Randell announced that a special term of the court will try the case.

Tucker To Be Electrocuted.

Boston, June 9.—Charles Louis Tucker, of Auburndale, convicted of the murder of Mabel Page, in 1904, will be electrocuted in the state prison at Charlestown during the week beginning June 18. Governor Curtis Guild announced later that he had decided not to commute the sentence to life imprisonment.

MEN ASPHYXIATED IN MINE.

One Dead and Others Are in a Serious Condition.

Red Lodge, Mont., June 9.—At least one man is dead and several others are in a serious condition from asphyxiation in the Northern Pacific railway company's Rocky Fork coal mine, near here.

A fire, which broke out in the mine several days ago, was supposed to have been extinguished but Thursday the flames broke out again. A number of men were overcome and a rescuing party of 50 volunteers entered in search of their comrades. Many of these men also were overcome by gas, but it is thought that most of them were brought out.

Joe Bracey is dead. Thomas Skelly, Al Macfarl, Terry Fleming, William Bailey and Thomas Atherton are in such serious condition that recovery is doubtful. It is believed that there are several miners still in the mine about 70 feet below the air fan and that they have perished. There is much excitement around the mine.

Miners Are Disappointed.

Dillonville, O., June 9.—The miners in this district are disappointed over the adjustment of the Columbus joint convention without an agreement. A great many of them are in straightened circumstances, and it is doubtful if they will remain out much longer. Preparations are being made by the Roby Coal company at Ramsey and Robyville, and by the M. A. Hanna Coal company, at Dillonvale, to resume operations. Everything as quiet and the strikers are peaceable, with the exception of a small demonstration at Bradley last evening, when 40 strike-breakers were brought in by the United States Coal company.

One Killed; Four Injured.

St. Louis, June 9.—A collision between two St. Louis-Memphis passenger trains occurred on the Iron Mountain railroad, near Mengo, 115 miles south of here Friday, resulting in the death of one person and injuries to four others. No passengers were injured. The north-bound passenger train had stopped to take a switch to let the south-bound passenger train pass. Before the train had entered the switch, the south-bound train dashed into it, badly wrecking the engines, killing a fireman and injuring four persons.

Stock Brokers Close Office.

St. Louis, June 9.—It was made known Friday that the Schauble-Oaks Commission company, stock brokers, have permanently closed their office here, nine offices in Illinois towns and one at Evansville, Ind. Harry Oaks, member of the firm, stated that he could not say how much the assets amounted to until the books were gone over, but he was confident the customers would be paid in full.

Arrested in Connection with Lynching.

Nashville, June 9.—A Knoxville dispatch says that Marshal Dunknap and two deputies have gone to Chattanooga to serve summons on Sheriff Shipp and 18 citizens to appear before the United States supreme court at the October term. They were arrested in connection with the lynching of Ed Johnson, a negro, who had gone to the highest court on a writ of habeas corpus.

Coolidge Selected as Lecturer.

Cambridge, Mass., June 9.—Professor A. C. Coolidge has been selected as the third Hyde lecture to deliver a course of lectures at the University of Paris, and other French universities, during the coming year. These lectures were founded by James H. Hyde.

Editor Munroe Honored.

Charleston, S. C., June 9.—The board of trustees of Erskine college, in this state, have conferred the degree of doctor of laws upon David A. Munro, editor of the North American Review, of New York.

Tennis Match for Championship.

London, June 9.—A tennis match has been arranged for June 15, between Jay Gould, of Lakewood, N. J., the American champion, and C. Fairs, champion of the world, Fairs conceding 15 and 1 game.

PREMIER GOREMYKIN WILL BE RETIRED

Emperor Nicholas Has Made Decision to That Effect.

ACCORDING TO THE REPORTS

Premier Does Not Possess the Force, Capacity or Skill Necessary to Steer Ship of State in the Present Imminent Crisis.

St. Petersburg, June 9.—According to reliable reports from Peteroff, Emperor Nicholas has about decided to retire Premier Goremykin. From the first it was apparent to outsiders that M. Goremykin did not possess the force, capacity, or skill necessary to steer the ship of state in the present crisis and the emperor, who is extremely dissatisfied with the premier's sorry failure to make any headway toward a rapprochment with the lower house of parliament, is now ready to sacrifice him.

The emperor, however, seems to be torn by conflicting counsels. A few of his advisors are urging him to make a frank surrender and accede to parliament's demand for a ministry of the majority. These influences are hardly likely to prevail against the party headed by General Trepoff, which believe that no further concessions should be made. The cabinet itself, under the leadership of M. Kokovsoff, the minister of finance, and M. Stichinsky, minister of agriculture, the rivals of M. Goremykin is in open rebellion and with the support they are receiving from the court, the rebels are confident they will be able to unhouse Trepoff. Should M. Stichinsky succeed to the premiership, M. Belgrade, formerly chief of General Trepoff's chancellery of Moscow, will, it is understood, be the camarilla's candidate for minister of the interior, M. Gurko stepping into M. Stiechinsky's shoes.

The wisdom of the constitutional Democrats in refraining from making an issue of the death penalty, in the meantime insisting on the suspension of executions, is commended by some of the newspapers.

Dispatches from the interior show that the gradual extension of the agrarian disorders and partial strikes now affect twelve provinces. The latest disturbances reported are at Kieff and Tver. Numerous collisions between peasants and rural guards have taken place, but nothing in the nature of a mass movement has yet occurred.

A sensation has been caused by the disclosures of M. Vladimiroff, a correspondent of the Twentieth Century, formerly the Russ, who investigated the cause of Mlle. Spiridonovo and who is now in the Baltic provinces investigating the repression there. He declares that six out of the eight men executed at Riga were innocent, and says they were forced to confess by tortures which put the Spanish Inquisition to shame. Although the social revolutionists have proclaimed a temporary suspension of the terrorists' campaign, there is no abatement in the murders of police officials in the interior.

Mounted gendarmes Thursday evening charged a crowd of workmen at the government cartridge factory at Viasili-Ostrov, who emerged from a meeting singing the "Marseillaise."

The gendarmes used their whips and sabres, injuring many and wounding two men seriously.

Assistant Fire Chief Hurt.

Albany, Ga., June 9.—Assistant Fire Chief I. S. Weldon, was badly injured while running to a small blaze. He was driving the hook and ladder truck and discovered after leaving the station that the lines had not been snapped into the bit. He attempted to jump, but his feet caught in the lines and he fell, the wheels of the heavy truck passing over his chest.

Will Attend Coronation of King.

Washington, June 9.—Lieutenant Commander John H. Gibbons, has been designated by the navy department to attend the coronation of King Haakon. He will accompany Minister Graves to Christiania on that occasion. The officer is now naval attache to the American embassy at London.

G. & G. WILL HANDLE LARGE SHIPMENTS

Melon and Vegetable Movements This Season Will Be Heavy.

MELONS ARE NOW MOVING

The Country South of Gainesville Traversed by This Line Is Rich in Agriculture, and the Prospects Are Good for Fine Melon Crop.

The management of the Gainesville and Gulf are getting busy in the matter of handling the large vegetable and melon shipments which it is anticipated will be moved from all points south on that line within the next few weeks.

J. B. Cutler, superintendent of the Gainesville and Gulf, has returned from an official visit to Fairfield and other points on the south end. He has made a thorough investigation of the conditions, and reports prospects of one of the best melon crops that has been recorded in that section of Alachua county for several years

Mr. Cutler states the movement of cantaloupes already begun, two or three cars having already been moved in crate lots. Watermelons are also beginning to move, and altogether, with the acreage and the indications, the Gainesville and Gulf will probably handle more of this business in proportion to milege than any other road in the State.

E. B. Polk of Lakeland, civil engineer of the Gainesville and Gulf, was in the city on official business Friday. Mr. Polk would say nothing in regard to the proposed future movements of the Gainesville and Gulf, but it is understood that it will not be many weeks before the construction of the road from Fairfield south to Tampa will begin. It was also a current rumor upon the streets of Gainesville a few days ago that two capitalists from Chicago were here, and that they came to investigate the advantages which would be afforded by the extension of the Gainesville & Gulf.

BALL FUNDS ARE SHORT.

Manager Burkhim Wants to Keep All Obligations Paid.

Manager Burkhim of the Gainesville baseball team, who has undertaken in the organization of the team a heavier task than many others were willing to undertake, informs The Sun that he is behind in financial matters, and that something must be done, as the team must have uniforms and must be otherwise equipped.

The white team has played two games since its organization this season, winning both. The material is among the best of the amateurs of the State, and deserves to be encouraged.

Mr. Burkhim expects to see the business men in a short time, and solicit subscriptions for the purchasing of uniforms, and for other expenses. It is hoped and believed that he will receive substantial support in this venture.

WOODMEN ARE GROWING.

This Popular Fraternal Order is Gaining New Strength.

The Woodmen of the World seems to be growing in Gainesville This is a fraternal insurance order, and one of the oldest of its kind in the United States. For some time the life of the order has been dormant, but other similar associations which have sprung up recently seemed to have acted as an invigorator, with the result that new energy has been involved.

The local camp of Woodmen held a meeting on Thursday evening, when two members were initiated into the lodge and shown across the hot sands of the desert. They were made "Choppers for fair," and it is needless to add that they will not soon forget the lesson.

GAINESVILLE VS. JACKSONVILLE.

Three Interesting Games Will be Pulled Off Here, Beginning Monday.

Manager Carolina of the Central City baseball team, colored, announces that there will be three games with the Jacksonville team, beginning Monday, the 11th inst. These games will be pulled off in the afternoons of the 11th, 12th and 13th, and inasmuch as there is considerable rivalry, it is expected that there will be some exciting times.

The Central City team has already won three games out of a series of four, but the team is now stronger, anticipating that the Jacksonville team would be strengthened.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

Letter to Geo. W. Hyde,

Gainesville, Fla.

Dear Sir: Devoe is worth $4 or $5 a gallon, put-on; how much is another paint worth?

Depends on how many gallons you've got to put-on, to be equal to one of Devoe.

Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead-and-oil, took 40 gallons.

Last summer bought 40 gallons Devoe for same house; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y., owns two houses exactly alike; painted one with Devoe; took six gallons. The other with some other; took 12 gallons.

What'd you give for those off paints? Bear in mind, you've got to pay for the painting. Yours truly,

F. W. Devoe & Co.,

WALL FAVORS RIVERS.

Member of Legislature Throws Boquets at a Candidate.

Hon. John P. Wall of Grandin, a member of the Lower House from Putnam county for several years, and who has gained the reputation and title as "the watchdog of the Senate," has written The Levy Times-Democrat at Bronson the following communication in behalf of the candidacy of Hon. Joseph M. Rivers, candidate for State Attorney:

PUTNAM HALL, FLA., June 2, 1906.

Editor Levy Times-Democrat: I see that friends of Mr. Calhoun are saying many good things for that gentleman in the press. Please let me say in your true blue paper a word for my friend, Joe Rivers. I have known him for years, but got more intimately acquainted with him when we were members of the Legislature. As far as I was able to judge I found him always on the side of right and justice. I feel that he will make a good and painstaking State's Attorney. I know that he is efficient, and I shall support him with my vote. He is not so engrossed in worldly things as to forget his religious duties. Not many such lawyers. Vote for him.

JOHN P WALL.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

NEWS OF CITY AND COUNTY CONDENSED

Dr. J. B. S. Holmes of Atlanta, after a brief visit to friends in this city, left yesterday for Ocala, where he expects to spend a few days. Dr Holmes' numerous friends here are always glad to see him.

Center Lodge No. 11, I. O O F., will hold its regular weekly meeting on Monday evening, when a full attendance is desired. Visiting brothers are especially invited to be present, and are assured a fraternal welcome.

Truss Denby, who has been engaged in trucking at Winter Garden for the past two years, has returned to this city, where he expects to remain for the present. Mr. Denby is well known in this section, and his friends are glad to welcome him again.

Dr. Yocum of Lake City, who will be principal of the summer normal school here, is now in the city, and will assume his duties with the opening of the school tomorrow. Dr. Yocum is one of the most widely known and most competent educators in the State.

Among the prominent visitors to Gainesville yesterday was Hon. Frank Adams of Jasper, State Senator from Hamilton county. Senator Adams is one of the most widely konwn men in the State, and his friends everywhere are always glad to an opportunity of meeting him.

G. W. English, a progressive planter and trucker of Tacoma, was among the visitors to this city yesterday. Mr. English states that the melons will begin to move in a short time, and inasmuch as indications are good for a prolific crop, the planters are anticipating good profits.

Attention is directed to the change of advertisement of the S. J. Thomas Company, which appears elsewhere in this issue. This firm is one of the best and most reliable in the State, and not only sells "the plaster which will not crack," but everything else that is good.

The ladies of the Woman's Christian Temperance Union have decided to hold another medal contest for the benefit of the girls and boys who are interested. Anyone who would like to enter the contest will please notify Mrs L. C. Smith at once, so the recitations may be assigned.

V. P. Harmeling has an advertisement in this issue. Mr. Harmeling is engaged in the general brokerage, real estate, loan and insurance business, and solicits the patronage of the public. He is a young man full of energy and ambition, and will no doubt do well in his new venture.

The house recently purchased by J. A. Phifer, located at 304 West Court street, has been moved to a central position in the lot, and will be repaired and improved. This house has been occupied by A. W. Taylor and family for the past two or three years, and was vacated for the purpose of removing and making repairs. When completed it will be one of the most comfortable homes in that section.

The Modern Maccabees.

The local tent of Modern Maccabees, the new fraternal insurance order, was held in the P. O. S. of A. hall on Friday evening, and was well attended.

This lodge or "tent," as it is termed by the fraternity, is composed of a number of the best people of the city, and the membership is growing rapidly. On Friday evening there were four candidates, and when the degree was conferred all expressed themselves as being perfectly satisfied. The work is very impressive, and the order is bound to become one of the leading secret societies of the city.

A Sad Drowning at the Springs.

Covered from five to fifteen feet with muddy river water is the condition of those springs that are on the side of a river, after heavy rains, while visitors are waiting and wishing that it was like those wonderful Weekiwa Mineral springs near Apopka in Orange county, where 25,000 gallons of the purest mineral water in Florida gushes out every minute, cures your rheumatism, dyspepsia and indigestion as you lounge in the shady park and where river nor rains can ever overflow.

RAINS PLAYED HAVOC.

Streets Are Badly Washed, and Much Damage Has Resulted.

Owing to the recent rains, certain streets of the city it is reported have been badly damaged by washouts, and are dangerous to teams and pedestrians.

A large and dangerous washout has been reported on East Mechanic streets, between Oak and Factory. A gentleman who resides in the country stated that he entered the city by this street on Friday, and that a "gully," which he considered dangerous, had been washed across this thoroughfare.

Another party reports that certain sections of East Church street have been washed to a point which seems unsafe. In two or three places the sidewalks under the new granolithic work had been washed away, causing the material to crack, and that otherwise these walks could not be considered safe.

This trouble has been caused solely by the excessive heavy rains of the past few days. The work upon the sidewalks has been as durable as it was possible to put down, but the constant and heavy streams which have had no outlet have worked their way into crevices which could not resist the pressure.

"Peter Grubbs, Jr."

Editor Sun: In your issue of Friday we see an article for J. G. Dampier signed Peter Grubbs, Jr. We wish to say that we know "P. Grubbs, Jr." and know that he has always been very economical with his tax money—he has kept it himself. He is evidently looking for a county job and wants all the money there when he gets there.

What we want is lower taxes or public improvements in proportion to our taxes. CRACKERS.

A DELIGHTFUL OCCASION.

Miss Emily VanDeventer Entertains in Honor of Miss Robinson.

One of the most important social functions transpiring in this city for some time was the entertainment given on Friday evening by Miss Emily VanDeventer, South Pleasant street, in honor of her cousin, Miss Hope Robinson, who is visiting her from Ocala.

This function was what might be termed a combination affair, as Miss VanDeventer, who is very popular among the young society people of the city, has recently returned from Washington, D. C., where she has been attending college. The occasion was doubly celebrated, the clever hostess affording an opportunity to meet her friends, and at the same time give them the honor and pleasure of an introduction to Miss Robinson.

As all entertainments given by Miss VanDeventer are a success, this was no exception. The spacious home was appropriately decorated for the occasion, being a Japanese scheme throughout, and a scheme which was very effective and complimented by those present.

There were about twenty-five couples, and none who accepted the hospitality of Miss VanDeventer upon this occasion will soon forget the same. Delicious refreshments, comprising punch, ice cream and cake, coffee, etc., were served.

The evening was passed in contest games, and at the conclusion the following prizes were awarded:

First prizes for lady and gentleman, Miss Mary Baird and Earl Taylor. Second prize, Miss Hope Robinson and Addison Pound.

Altogether, the evening passed most pleasantly, and friends of Miss VanDeventer are under many obligations.

Famous Colonist Here.

Julius Spanier of Chicago, one of the leading colonist agents in the United States and who has probably located more homeseekers than any other two men in the same profession combined, was in the city Friday. Mr. Spanier is becoming interested in Florida, and has made a personal inspection of the lands in Alachua county, or certain sections thereof. He feels confident that Florida is the coming country, as the soil is diversified and capable of raising almost anything the farmer has a desire to plant. The result may be that a colony will be located in this section, which Mr. Spanier declares is the most diversified he has ever seen.

Lockout of Carpenters.

New York, June 9.—The lockout of the Brotherhood of Carpenters extended Thursday to the carpenters employed in the shops of members of the building trades employers' association and to the carpenters employed by the master league of wood workers. The latter employed about 700 men to make the wooden frames for cement construction, and the cement workers will be the first to be made idle by the lockout. By Monday, if there is no change in the situation, many mechanics in other trades will be idle.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 29 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Commissioner Sargeant says that there are 50,000 unregistered Chinese in the country. But he intimates that this is merely because he was not made Commissioner of Immigration sooner.

A prominent writer says that if birthdays were abolished the average use of the human race would increase leaps and bounds. Thousands die before they have reached the age limit because they think they must and because it is customary, and with a knowledge of true hygeine and the art of living, the dead line of years would disappear, and the shackles of the three score and ten delusion would fall away from mankind, and all by refusing to indulge in birthday worship.

We still have one or two men in this community who stand around on the street corners and from morning until night complain about the town, their neighbors, their taxes and the weather. Such men are mighty common clay and it is fortunate we have so few of them. Such men are of no use to the town, their families or their God. They seem to live, but no one can tell how. Like mosquitoes and flies, they are not fatal, but disagreeable to have about. It is not necessary to publish the names of the two or three who infest this community, for you all know them.

EMBALMED BEEF.

Within the past few days the government has developed a bigger scandal than either the Standard Oil case or the Pennsylvania Railroad exposures. It is the packing house inspection in Chicago. It is more important in that it touches the daily life of nearly every person in the United States and has to do not with the pocket only but with the health of the nation. The matter would have been pushed through quietly and without open scandal except for the fact that someone leaked. Possibly the non-scandalous method would have been excusable, for it is not a state of affairs that we would have been anxious to exploit either to our own people or to our customers abroad. But the harm abroad has been done already, for foreign meat producers are already circulating an American novel that was written on the subject last winter and are making all the capital out of the condition that they can. So it is just as well to let the American people know what has been going on in Chicago and other packing centres.

The gist of it simply is that the conditions in the slaughter houses in Chicago, Omaha, Kansas City and the other great centres from which the bulk of the American people get their meat supply, are about as bad as they could possibly be pictured. A special commission was sent out by the President to report on the conditions as disclosed in the book referred to, and they declared that the picture had been rather under than overdrawn. As a result the Beveridge amendment providing for an adequate inspection of the packing houses was tacked at the last moment on the Agricultural Appropriation bill and went through without division, for the packing interests knew that the administration had the drop on them as it were. The inspection provision will go through the House with equal celerity. But harm had been done to the American meat trade abroad that it will take years to undo and if the whole story ever comes out in print it will be a revelation to the American people that even the embalmed beef inquiry of less fragrant memory cannot equal.

Did you ever notice that "talk" doesn't hurt a man much? Perfection isn't looked for in man, and when someone tries to injure a man by ranting about a few faults he has, the absent one, who is probably attending to his own affairs, is elevated in the hearer's estimation, while the informant is lowered accordingly. If a man knocks along, doing fairly well, people realize that while he has some faults, he has more virtues and they are charitable enough to overlook these faults. But it is different with a girl or woman. No matter how good and pure a woman may be, let someone start an infamous lie about her and everyone is willing to pass it along, and there is always someone to believe it. That lie can never be lived down. It may burn low, but the gossip-loving are ready with new fuel. Did you ever think how demnably mean some goody-good people are in this respect?

No wonder the price of coal is high. The railroad officials are bleeding the operators, and with the freight rate put at "all the traffic will bear" and the tariff tax on coal preventing competition, it's a continual rake-off for someone from the time it is mined until paid for by the plundered consumer.

SKIN DISEASES

ACNE, TETTER, ECZEMA, PSORIASIS, SALT RHEUM.

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

THE ITCHING WAS ALMOST UNBEARABLE.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs to do so.
Escondido, Cal. L. MARNO.

ECZEMA appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS,** a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM.** It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

THOS. W. FIELDING REPLIES TO CHARGES MADE BY J. M. RIVERS

A Review of the Circumstances Surrounding the Contest For State Attorney of the Eighth Judicial Circuit.

Starke, Fla., June 5th 1906.

To the Citizens of the 8th Judicial Circuit of Florida.

When I became a candidate for state attorney of this circuit I did so with the intention of conducing a clean, manly campaign, because this was my conception of what ought to be done by candidates before the people for any office and especially so with regard to candidates for judicial positions.

Following the action of the State Executive Committee in putting the three candidates back into the second primary I issued a circular letter to the people and sent it to the newspapers of the Circuit for publication. The evident desire of Messrs. Calhoun and Rivers to seize upon the unfortunate condition of affairs in Baker county as a pretext for crowding me out of the race was enough, I think, to provoke some rather bitter expressions from me, but in concluding my circular letter I dismissed the matter in these words:

"Of the stand taken by Messrs. Calhoun and Rivers I shall offer no word of criticism. Mr. Calhoun thought he could beat Mr. Rivers and Mr. Rivers thought he could beat Mr. Calhoun if I were put out of the contest, and entertaining this view, it is perhaps only natural that both of them should have sought the advantage. Of my own attitude I wish to say only that I wish the contest for state attorney to be settled on a basis fair alike to myself and the two gentlemen who oppose me."

This treatment of the subject, I believe you must agree, shows a firm purpose on my part to conduct my campaign along impersonal lines, and upon a plane that would appeal to the favorable consideration of the best element of citizenship of the circuit. Nothing could induce me to altogether abandon this high pupose, but the broadcast circulation of a misleading yellow circular by Mr. J. M. Rivers seems to call for a pointed reply from me, which I shall make as briefly as possible, asking your careful perusal and consideration of the same:

In giving the vote for the three candidates Mr. Rivers quotes what he calls "official" returns from certain precincts in Baker county. As a matter of fact the executive committee of Baker county declared the election in that county null and void without ever canvassing the vote. There, are therefore, no official returns from the election held in that county, and the only reliable unofficial returns had from there are the figures telegraphed and written from Macclenny immediately after the election. It is a custom in every county among persons who take an active interest in elections to secure from the managers of election as they come in with the ballot boxes the figures from the several voting precincts. These figures are hardly ever found to be at variance with the figures of the official canvass. This was done in Baker county, and the day after the election the vote of the county was telegraphed to me, by a friend who had thus collected the figures, as follows: Calhoun 100; Fielding 186; Rivers 82. On May 17th, two days after the election, I received a letter from a friend at Macclenny confirming these figures in toto and informing me that the election would be contested. The figures were collected by others, among them being Mr. Max Brown, a practicing attorney at Macclenny. He collected the figures in order to make a report of the result to Mr. Calhoun and on the subject of their correctness he has made the following affidavit:

STATE OF FLORIDA,
Baker county.

Max M. Brown being first duly sworn deposes and says: that he is an attorney at law and has an office in Macclenny, Baker county, Florida, where he resides and did reside at the time of the holding of the primary election on the 15th day of May, 1906; that he received the returns of the said primary election as to the office of state attorney for the 8th judicial circuit of Florida, from the various precincts in Baker county and that, from the very best information obtainable immediately after the election, the vote for the various candidates for the office of state attorney in Baker county was as follows, to wit: Benj. P Calhoun 100 votes, Thos. W. Fielding 186 votes, J. M. Rivers 82 votes. That deponent telegraphed these returns, immediately after the said election to Hon. E. Noble Calhoun at Palatka, Florida, and, from the best information this deponent could get the vote as stated herein was correct.

MAX M. BROWN.

Sworn to and subscribed before me this the 5th day of May A. D. 1906.

T. C. CARROLL,
Clerk Circuit Court.

Taking the official returns from the other counties and adding the Baker county figures to them the result is shown to be as follows:

B. P. CALHOUN.

Vote of Four Counties	1255
Vote for Baker county, unofficial	100
Total	1355

THOS. W. FIELDING.

Vote of Four Counties	1101
Vote for Baker county, unofficial	186
Total	1287

J. M. RIVERS.

Vote of Four Counties	1191
Vote of Baker county, unofficial	82
Total	1273

It will be seen, therefore, that the official returns from Alachua, Bradford, Levy and Putnam, and the best figures that could be secured from Baker, gave Mr. Calhoun a lead of 68 votes over me and me a lead of 14 over Mr. Rivers.

My protest filed with the state committee, about which Mr. Rivers undertakes to make great ado, after giving four perfectly good grounds of protest, concludes as follows:

"Wherefore, this protestant respectfully requests that the said vote of Baker county, which was cast at the said primary election held on the 15th day of May, A. D. 1906, be canvassed and the returns thereof certified to the said State Democratic Executive Committee as to the office of State Attorney for the Eighth Judicial Circuit of Florida, as is required by law and the rules of this committee."

This, I think, shows my good faith and that I did not fear the result of getting the official returns from Baker county.

Acting on my protest Hon. Duncan U. Fletcher, chairman of the state committee, at once wrote to the Baker county committee asking for the returns or a certified copy of the testimony upon which the county committee had based its action. He received in reply a letter from the secretary of the county committee stating that the committee had taken no testimony, but upon ascertaining that more persons had voted in one of the precincts than were qualified on the registration books, had declared the election null and void without canvassing the returns. This left the state committee absolutely powerless to secure any returns from the county. The vote was very close throughout the circuit, so close in fact that the vote from Baker county, had it been canvassed and certified, could easily have entirely changed the result. Confronted by this condition the members of the state committee did not want the wishes of the people of Baker county to be ignored because of some irregularity in the holding of the election, and they wanted to act fairly between Messrs. Calhoun, Rivers and myself. As the best solution of the matter it was decided by an overwhelming vote of the committee that we should all run in the second primary and that the one receiving the highest number of votes should be declared the nominee. This arrangement was satisfactory to me because it appeared to me to be fair all around. Messrs. Calhoun and Rivers vigorously opposed this compromise, not seeming to regard my rights in the matter or to take into consideration that to declare the result on the returns from the four other counties would have the effect of depriving the people of Baker county of any voice in the first primary. Certainly all the citizens of Baker county were not responsible for whatever irregularities existed in the holding of the election and were as much entitled to a choice between the three candidates as any one else. But every consideration of fairness seemed to have been ignored by my two opponents. Each of them thought he could win over the other with me out of the race and their whole object appeared to be to throw me down, no matter whether it was a fair deal or not. Through their friends they both stood before the committee and appealed to them to canvass the returns and declare the result on the vote from the four counties that they were ahead in. Mr. Rivers was represented by S. L. Carter and Mr. Calhoun was represented by Ex. Governor Fleming and Mr. Rivers became so carried away with the idea of throwing me overboard that he got the permission of the chairman and actually made a little speech himself in support of this unfair course. So much anxiety was shown by them to have the committee put me down and out that some of the committeemen lost patience with them and one very distinguished member of the committee expressed surprise that they should come there and oppose so fair a proposition, and said that he thought they were placing themselves in a very unfavorable light before the fair people of the state of Florida.

In connection with his action before the state committe on Friday, May 25th, it is worthy of note that Mr. Rivers was before the county committee of Baker county on Monday, May 21st, advising and counseling them to throw out the election. My attorney was present trying to induce the county committee to canvass the returns and certify the vote to the state committee and when he ventured to suggest that the election could not be thrown out without some evidence of irregularity Mr. Rivers contended that the committee knew there had been irregularities and said they "ought to just take the bull by the horns" and throw it out whether or no. The Baker county committee annulled the election in that county and then Mr. Rivers betook himself to Jacksonville to contend that the result ought to be declared without the vote of Baker county. A very nice scheme, wasn't it? but the state committee foiled it.

In his yellow circular Mr. Rivers says that on May 21st my attorney, Mr. Bager, and myself conceded my defeat. This is not true. Sufficient for that misstatement.

In this extraordinary yellow circular of his Mr. Rivers saves his best his choicest piece of chicanery and most glaring misstatement—for the last. I refer to his ludicrous effort to lead the people to believe that there is some sort of collusion between Mr. Calhoun and myself and that I was put into the second primary for the purpose of aiding Mr. Calhoun to defeat him (Rivers). I was about to refer to this very original and brilliant idea as only another vagary of Rivers' feverish imagination, but it is not such. He is deliberately making this effort to mislead the public and in the face of the fact, too, that he knows absolutely the circumstances do not justify any such conclusion. In this circular, which, by the way has also been published in some of the papers of the circuit, Mr. Rivers says:

"Before the state committee convened, Mr. A. V. Long, who is Mr. Fielding's law partner, and who is known to favor the nomination of Mr. Calhoun, was present taking an active part in trying to get Mr. Fielding into the second primary. The fact that Mr. Long is a member of the state committee gave him opportunities for accomplishing this object, and the close consultations between him and the member of the state committee from Putnam county, who was firm in the espousal of Mr. Calhoun's cause, made it apparent to every observer that they were working together. When the matter came up before the state committee, no attempt was made to find out what the vote of Baker county really was, but the incorrect statement of the vote contained in Mr. Fielding's protest was accepted as conclusive, and the first thing done was a motion to place all three candidates in the second race. An amendment to this motion was offered by ex-Governor Fleming, but Messrs. Long and Fielding had done their work too well, and the amendment was promptly voted down. Then the motion was adopted through the combined efforts of friends and partisans of Mr. Calhoun and Mr. Fielding."

This I denounce as nothing more or less than an unprincipled effort to prejudice the voters who do not want Mr. Calhoun continued in the office of state attorney against me. Mr. Rivers knows the statements made are not true. Hon. F. J. Fearnside is the Putnam county member of the committee referred to, and he is a good friend and active supporter of Mr. Calhoun. In the committee room Mr. Rivers sat not more than ten feet away from them and knows that Mr. Fearnside was in constant consultation with ex-Governor Fleming, who endeavored to so amend the motion as to put only Rivers and Calhoun into the second primary. Mr. Rivers could not help seeing this consultation, and he knows full well that for the first time during the campaign there was between he and Mr. Calhoun the heartiest kind of sympathy.

Mr. Rivers tells the truth when he says that Mr. Fleming's motion was promptly voted down, but he lapses into misstatement again when he says that the original "motion was adopted through the combined efforts of the friends and partisans of Mr. Calhoun and Mr. Fielding." The motion was adopted by the members of the committee who were not governed by partisanship and wanted to see fair play. The partisans of Mr. Rivers and Mr. Calhoun acted together, and when the negative side of the main question was called they kept silent. They were too hopelessly in the minority to even vote.

Another misstatement is made by Mr. Rivers when he says, "When the matter came up before the committee no attempt was made to find out what the vote of Baker county really was." He made this statement in the face of the fact that Hon. Duncan U. Fletcher stated to the committee that my protest had been filed without undue delay on my part and that he had promptly made every possible effort to get such information from Baker county as would be necessary to intelligent action upon the part of the state committee. Mr. Fletcher had in his possession letters from the secretary of the Baker county committee showing that he had been in correspondence with them with a view to getting the desired information. He read these letters to the committee and Mr. Rivers was present and heard them read.

So much for the circumstances surrounding the committee meeting. Since that time an occurrence has taken place between Mr. Rivers and myself that showed to him absolutely the fallacy of his collusion charge, and yet, he goes ahead with the distribution of his circulars and the publication of his letters in the papers. With all due respect to Mr. Calhoun, it is known to me that a majority of the citizens of the 8th circuit, for reasons, I assume, that are sufficient to themselves, do not want him continued in the office of state attorney. In the final settlement of the contest many of them regard his retirement as of first importance. As between Mr. Rivers and myself they have a choice, but would be satisfied with either. On Friday, June 1st, in the city of Gainesville, a party of my friends discussed this phase of the matter with me, and I told them that if it was deemed best for the public interests that the opposition to Mr. Calhoun should have but one candidate to vote for I would take the initiative and try to effect with Mr. Rivers some arrangement whereby the citizens of the circuit who desire a change in the office should be made absolutely sure of securing it. I went at once to Mr. Rivers, talked the situation over frankly with him and proposed that we submit the matter to a board of arbitration. He flatly declined, saying in effect that he intended to run, no matter what the result might be. This occurred, as I have said, on Friday, June 1st, and the circumstances as I have related them are well known to several of the best known and most prominent citizens of Gainesville, but still Mr. Rivers had his letter, charging me with collusion with Mr. Calhoun, published in the Gainesville Sun of Sunday, June 3d, and I presume he intends to have its publication continued until the day of election, utterly regardless of the fact that he knows it is false.

I regret exceedingly that circumstances have compelled me to deal somewhat in personalities, but Mr. Rivers forced the issue by the publication of what I think I have shown to be grossly misleading statements, and I have taken the time to prepare and shall incur the expense of publishing this review of the situation in order that the citizens of the circuit may have the truth and that I shall not be misjudged. I hope, under the circumstances, that these personalities will be pardoned, as it certainly was not my desire that the campaign should take any such turn.

I have dealt frankly and fairly in discussing this matter and I now appeal to your sense of right and justice for a favorable verdict at the polls Tuesday, June 12th. I pledge you my sacred word of honor that if you elect me I will perform my full duty under any and all circumstances, and that you will have a state attorney who will not stoop to the chicanery Mr. Rivers, in the preparation of his circular, has shown himself capable of, and one whose official conduct shall not give room for suspicion or complaint.

Very respectfully,

THOS. W. FIELDING.

LONG DENOUNCES COLLUSION CHARGE

EDITOR STARKE TELEGRAPH—Having noticed in a yellow pamphlet issued by Mr. Rivers, candidate for state attorney, statements which tend to do my friend and former law partner, Mr. Fielding, as well as myself, a gross injustice, I respectfully request permission to answer same through the columns of your paper.

It is true that I am a member of the State Executive Committee and that I was present and voted for the motion to permit all the candidates for that office to be entered in the second primary. This I did because there were no returns from Baker county, from which county it was understood that Mr. Fielding had received the largest vote, and it would have been unjust to him to have the vote counted in the other four counties and in Baker. Mr. Rivers states that there was no effort made to find out what the vote of Baker county was. My recollection is that the chairman of the State Committee distinctly stated that he had made every possible effort to get these returns.

As to the statement that I favored the nomination of Mr. Calhoun over Mr. Fielding, or that I had any close consultation with the State Committeeman from Putnam county, or that I entered into any collusion with the friends of Mr. Calhoun, is absolutely and unqualifiedly false.

I have openly supported Mr. Fielding throughout this campaign and expect to do so until the end of the contest and shall use every honorable means in my power to secure his election. I believe him worthy of the honor and fully qualified to discharge the duties of the office, and hope all my friends will join me in supporting him at the election June 12th.

Very respectfully,

A. V. LONG.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. SICKNESS IN GAINESVILLE

More Cases of Illness This Spring Than in Former Years.

Physicians and druggists say there are more cases of illness in Gainesville this spring than in former years. Perhaps there is not so much serious sickness, but spring languor, loss of appetite, headaches, weakness and debility, indigestion and other ills that result from indigestion or an overworked stomach, are more common than they have been for some years past.

This has resulted in an unusual demand for Mi-o-na stomach tablets at J. W. McCollum & Co.'s. Before they felt that they could recommend this remedy, they tested it rigidly in many cases of heartburn, indigestion, wind on the stomach, debility, and other troubles that result from a weakened digestion, with the greatest success.

In fact, Mi-o-na has been so uniformly successful in curing all stomach troubles that J. W. McCollum & Co. give a signed guarantee with every 50-cent box to refund the money if it does not cure

LAW-MAKERS FIGHT FIRE

Governor Blanchard Assisted by Many Legislators Help to Fight Fire.

Baton Rouge, La., June 9.—The saving of the state capitol building from complete destruction by fire Thursday was accomplished in a spectacular manner, with Governor Blanchard, assisted by many legislators dressed in their night clothing, and by thousands of Baton Rouge citizens supplementing the fire department. The fire started from defective wiring near the roof of the senate chamber, destroying the capitol's eastern wing above the first floor. The damage was between $50,000 and $100,000.

Among the valuables in the ruined senate chamber, where the roof fell in, was a famous painting "The Battle of New Orleans," said to have been valued at one time as high as $40,000. Governor Blanchard directed the work of saving valuable papers.

The legislature now being in session, the senate met Friday in the Elks' theater.

The capitol is an imposing structure on the banks of the Mississippi. It was first built in 1847, and was destroyed by fire during the civil war after federal troops evacuated it. The present structure was erected in 1880.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Voters of the Eighth Judicial Circuit.

I am again a candidate for the office of State Attorney and respectfully solicit your votes on the 12th day of June. I have earnestly endeavored to do my full duty and ably discharge the duties of the office for the past three years. I have practiced law for thirty years. I was four years Solicitor of the Criminal Court of Putnam county, three years State Attorney, Eighth Circuit. My fifty years of experience and citizenship enable me to give you a better administration for a second term. I call your attention to the vote declared for State Attorney by the State Executive Committee—Calhoun 285, Rivers 120, Fleading 110. Thanking you for the splendid vote given me, which places me the leading candidate in the recent primary, I am Very truly yours,

BENJAMIN P. CALHOUN.

Respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through my negligence of mine.

THOS. W. FIELDING.

PREACHER HELD AS A DESERTER

Matthew Fortner Charged with Deserting from Navy.

Greenvillee, S. C., June 9.—Matthew Fortner, aged 28 years, a duly ordained Baptist minister and student at Furman university, was arrested here for deserting from the navy. He is married and has a child. He married Miss Ava Jaines, of Gainesville, Ga. Fortner enlisted in the navy four years ago. He is said to have deserted from the steamship Lancaster in Hampton Roads three months after he enlisted in the service and went direct to Gainesville, where he married. He has been preaching and teaching ever since, and the past year supplied a church in a little village near here while pursuing his course of studies at Furman.

He bears an excellent reputation. Fortner says he was disappointed in life in the navy and felt that he could not remain in it and serve God at the same time as he desired.

Fortner will be taken to Norfolk and courtmartialed. Captain E. M. Blythe and several prominent citizens here have interested themselves in Fortner's case and will try to get a discharge for him through petition. Mrs. Fortner and baby will go to the home of her father-in-law in Pickens county, South Carolina.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Will Shell San Jose.

New York, June 9.—A dispatch from Panama says that additional advices concerning the ship Empire, which, it is reported, left Corinto to shell San Jose, Guatemala, are to the effect that President Zelia, of Nicaragua, guaranteed payment for the coal. President Zelia's son, a colonel, has about 200 troops aboard, who expected to land after the machine guns have done their work. Mr. Tinsdale, manager of the Guatemalan Northern Railway, crossed the isthmus Wednesday on a hurried trip to New York, it is thought, to seek protection for his property from the revolutionists.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it. This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

Twenty Passengers Injured.

Newton, Kans., June 9.—Eastbound passenger train No. 6 on the Chicago, Rock Island and Pacific railway was wrecked Friday near Jennings, 30 miles west of here. The engine and all of the coaches save one were derailed. Eighteen or twenty of the passengers are seriously injured. The cause of the wreck is not known.

Death From Lockjaw

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the worst sore on his neck. I ever saw." Cures cuts, wounds, burns and piles. 25c at all drug stores.

Will Take Over Coal Mine.

London, June 9.—A dispatch from Tien Tsin to the Daily Telegraph states that the Fushun Coal mine will be taken over by the South Manchurian Railway company, the organization of which was promulgated by Imperial Ordinance on Thursday.

An Alarming Situation

frequently results by neglect of sluggish bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.

AN ORDINANCE

To Provide for the Construction and Maintainance of Sidewalks Along the East and West Side of a Portion of East Main Street, for the Costs of Such Work and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—The owner or owners of every lot, piece or parcel of land, fronting or abutting upon the East side of East Main street, in said city, from the Southwest corner of Block four, Range five, according to the original survey of said city, and extending North along the Eastern boundary line of said East Main street to the Northwest corner of Block six of Brush's Addition to Gainesville, and fronting or abutting upon the West side of said East Main street from the Southeast corner of Block three, Range four, according to the original survey of said city, and extending North along the Western boundary line of said East Main street to the Northeast corner of Block nine of Brush's Addition to Gainesville, be, and said owner or owners are hereby directed and required to construct sidewalks along the property lines on the East and West side of East Main street as hereinbefore named; said sidewalks to be seven feet in width and constructed of Granolithic; said sidewalks to be constructed within thirty days after the passage and approval of this ordinance, and thereafter to be kept and maintained in good repair.

Sec. 2—If the owner or owners of any lot, piece or parcel of land fronting or abutting on the East or West side of said East Main street, as described in Section one of this ordinance, shall fail to comply with the provisions of said Section one within the time prescribed thereby, then the Board of Public Works be, and they are hereby authorized and directed to construct or to contract for the construction of said sidewalks, and the costs of such construction to be paid by the special assessment of said costs against the property fronting or abutting upon said sidewalks in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the construction of said sidewalks is Six Thousand Five Hundred Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting upon said sidewalks where the same are to be constructed is One and Twenty-five One-hundredths Dollars. The Board of Public Works is hereby further authorized and directed to remove or cause to be removed any and all obstructions or encroachments along the Eastern or Western boundary line of said East Main street where said sidewalks are to be constructed, except such shade trees as the Board of Public Works or a majority shall deem best to remain.

Sec 3—The special assessment for the construction of said sidewalks shall become due and payable as fast as the said sidewalks are constructed, to be paid by the lot owners of the property fronting or abutting upon said sidewalks so constructed.

Sec. 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable for the construction of said sidewalks as fast as the same are constructed, according to the special assessment against said property as provided by this ordinance to be paid, in order to enable said city to pay the costs of the construction of said sidewalks pending the collection of said special assessments, said certificates to draw interest at the rate of twelve per cent per annum. The amounts to be paid for the construction of said sidewalks shall be a lien on the lots, pieces or parcels of land abutting on said sidewalks and said lien shall be enforced by suit in equity as provided by the Charter of said city.

Sec. 5—The City Council shall within thirty days after the completion of the construction of said sidewalks as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said sidewalks as by this ordinance provided, said special assessment not to exceed the actual cost of the construction of said sidewalks, or the estimated special assessment per front foot for such work as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest.

Sec. 6—The City Council shall meet on Monday, the 2nd day of July, A. D. 1906, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 7—This ordinance shall take effect immediately upon its passage and approval.

Passed City Council May 22, 1906.
G. K. Brooker,
President City Council.
Attest: J. M. Dell, Clerk.
Approved by me this 22nd May, 1906.
W. E. Thomas, Mayor.
